The expansive property includes 11 bedrooms, seven bathrooms and four studio suites with living rooms.

The main suite includes three bedrooms, a huge living room and a modern kitchen. Each suite boasts an opulent spa bathroom and terraces with spectacular ocean views across the turquoise Coral Sea.

A private poolside and entertaining pavilion, where you can relax sipping a chilled fine wine and watch the sun go down.

The large outdoor gourmet kitchen area is the perfect place to entertain your guests or there is even a large external barn which is perfect for the larger than average party, wedding or get together!

This beautiful venue and the town of 1770 and Agnes Water are perfect for weddings, reunions, conferences, gatherings, romantic private getaways or a perfect base for the more action focused visitor.

Guests can explore the Great Barrier Reef, natural parks or take part in some of the unlimited activities available including fishing, amphibian rides, scooteroo tours, four wheel driving, surfing or just chill out by the pool. Accommodate your guests in style with its stunning ocean views, great setting and fabulous sunsets. Escape 1770

creates the perfect atmosphere to provide cherished memories for a life time.

Or if you prefer something a bit more intimate and cozy then the private hideaway Sunset Villa is a beautiful beach cottage right on the 1770 foreshore! You can't get closer than this.....

This two level timber beach cottage has plenty of old world charm overlooking the magical waters of the 1770 Estuary and its exquisite sunsets.

The cute kitchen and eating area leads out onto the covered deck area with wood BBQ. It has a relaxed TV lounge area, an extra large open plan air-conditioned king size room and 1 single. The downstairs (not interconnecting) area has another large open plan air conditioned room with 5 singles. This intimate beach cottage is great for a family small or large (sleeps 8), or a private retreat for honeymooners, or couples just wanting a break.

1770 is one of the Australian coasts secret gems, a picturesque seaside village surrounded on three sides by the Coral Sea and Bustard Bay.

This beautiful region has something for every visitor, an exquisite paradise of untouched beaches, rich in abundant natural beauty, cosmopolitan coffee shops and shopping and relatively undiscovered by the masses.

This virtually untouched tropical paradise is set amongst some of Australia's most treasured wonders including Eurimbula National Parks, Lady Musgrave Island and The Great Barrier Reef. Its azure beaches are also the last surfing beaches before the Barrier Reef.
