Now that you're here

The Towns of 1770 & Agnes Water are linked by kilometers of pristine beaches bordering the Coral Sea. With access to the Great Barrier Reef the Discovery Coast also has the most northern surf beaches in Queensland. Combine these features with the laidback village atmosphere beach lovers seek, Town of 1770/Agnes Water is an idyllic escape.

Surrounded by National Parks and hinterland beauty, the Discovery Coast has been luring newcomers since Captain Cook stepped ashore in 1770. It is impossible to miss the regions physical beauty and it isn't just skin deep. Scratch the surface of the Discovery Coast and uncover your own relaxed sub-tropical paradise.

What to do

Guided tours & Shuttle bus service:

If you have never been to our area before then we highly recommend taking one or several of the guided **1770Tours**.

They also do a shuttle service for pick up and drop off.

DEEPWATER & EURIMBULA NATIONAL PARKs: 4WD

Nature at its best. Enjoy camping, day trips, fishing, bushwalking, swimming, boating, bird watching, turtle hatchings at night. Mostly 4wd access. Close to town they make a fabulous day trip experience.

1770 Headland – Round Hill Head:

Walk to the lookouts at Round Hill Head and enjoy amazing views across Bustard Bay and the estuaries. Explore hidden coves along the foreshores, enjoy walking along the waters of the Bay, picnic in the park, kayak, canoe, swim, relax, fish. Wait for the sun to set in the west across the waters of the Bay as it turns to gold.

AGNES SURF BEACH:

5 kilometers of pristine beachfront, boasting Queensland's Northern-most surf beach. With its wide expanse of soft clean sand, you can walk, relax, fish, swim & surf - or just sit and enjoy the serenity.

Enjoy your Haven by the sea, for the sky is blue and the day is fine and the air is warm upon your cheek; how could you want for something more; be content on the sands amidst the rays of morning sun and rejoice in the beauty of the day!

All you need is time to enjoy a holiday!

Day 1: 

Walk Agnes Beach to the headland of 1770

Get out of bed sleepy head; check out the tide & weather....

Looks good!

Breakfast amidst a harmony of birdsong

Time to explore; Put on your comfy shoes and a small knapsack

Pack some sandwiches and fruit, water, sunscreen & towel

You may want to take a light fishing rod and box of bait

Walk to the Agnes Beach down one of the access tracks or from main beach and turn left. 5kms of wonderful wide beach is yours to enjoy. Don't forget to do this on outgoing tide.

Walk to the northern side of the headland of 1770

Have a bit of a break, something to drink, maybe a snooze

Time to go; up and over the headland not too hard or high

Spot the wildlife; bush turkeys, wallabies, goannas and birds, be mindful of snakes warming themselves on the tracks in summer; stand still or quietly move away; watch you don't step into an echidna burrow; they just love the soft sandy soil of the headlands. If you travel to the right towards the ocean you will find a secret track that leads down to a secluded cove called honey moon bay. Spend the day peacefully relaxing or continue across the headland along the bush tracks through the banksias and native fauna.

When you get to the road turn right and follow the road along to the small car park at the headland of 1770.

The track takes you to the top lookout or you may wish to just sit and soak in the amazing views of the Coral Sea to one side and the expanse of Bustard bay across to the lighthouse on the other side.

walking down from the headland you can explore many private hideaways and beaches along the foreshores of the bay. On the way, there is a track called *The Butterfly Walk* that goes from the 1770 carpark down to monument point.

If you walk to bottom of hill you can call into camp grounds café for a cool drink and have a rest. If you are too tired to travel back, then call the shuttle bus for a lift home. 04 77705934

Possibly time to turn around and come back to Agnes, watch the tides and don't get caught.

Have a bit of a fish at the northern end of the Agnes beach; normally catch some dart or whiting for dinner on the incoming tide.

If you are staying in 1770, you can do this in reverse! Walk across the headlands to the North end of Agnes Beach.

Day 2:

Discovery trail

Park behind the museum on the outskirts of town on Springs Rd. Take the time to find out a little about the history of the area. The walking trail from here will take approximately 30min round trip and includes a lookout which takes in the 6klm expanse of Agnes water beach north to the headlands of 1770.

Day 3:

Workmans beach

Drive a little further along Springs Road, 1klm outside of town opposite the Lions park; turn left and park in the day parking area and walk down to workman's beach. Spend the day exploring, swimming and relaxing with possibly no one else around.

Day 4:

Paperbark walk

Drive about 4 km past Workman's beach and see the signs to The Paper Bark Walk on the right. A 15-20 min board walk through the Reedy Creek paper bark forest. Great for wedding photos.

Day 5:

Red rock walking trail

Further along the Springs road approx 4km, on the right side of the road is a sign to Reedy Creek, turn left on the other side of the road to this onto a gravel track for 800 metres. Park. Walk down the boardwalk. This takes you to springs beach. Here you can do some fishing, catch a wave or follow the beach to a bollard marking Red Rock walking track. Some fitness is required for this, be prepared. Good shoes, water, hat, snack. The information Centre can provide maps for this.

Day 6:

Less energy and more relaxing

Breakfast at the marina on the bay.

Say hi to the staff and ask for a large fresh squeezed juice & big breakfast! Take a leisurely stroll along from the marina to the parklands on the bay foreshores of 1770. Just follow the water. Sit and watch the world go by; wonder along the sand; have a little nap in a quiet corner; bit of snorkeling on the high tide around the mangroves. The water is usually crystal clear with many brim and small fish to observe. Do some fishing along the bay, just pick a spot, they all look good. The kids can play in the parklands, swim and have fun while you enjoy the day.

Try lunch at the 1770 Beach Hotel or Beachcomber cafe in the camp grounds.

Drive back to town, have a wander through the village shops, pick up a magazine, have a coffee.

Back to your holiday home, how about a massage on the deck or down to the beach for a quick dip.

Great day, what's for dinner?

No fish.... oh well.... always tomorrow.

Dial up for fish & chips or go to the Tavern for tea, I'm too relaxed to cook tonight!

Day 7: 

Sunsets over the bay

Don't forget to be on the shores of 1770 at sunset & bring your camera! Here you will see the sky turn to fire in a brilliant display of crimson reds & molten gold. As the sun sinks slowly into the western horizons of the bay, we say goodbye to another wonderful day.

Faithful friends are making their way home to their yacht in the bay after a busy day...

Farewell for now!

We hope you will join us again for another holiday soon.

Wherever you travel we wish you a safe journey home.
